

Statement from The Eclectic Table: coronavirus

To our valued private event catering and in home culinary services clients,

The health and well-being of our guests, team members and everyone we serve at is our highest priority. We are actively monitoring novel coronavirus (COVID-19) updates from the World Health Organization and the U.S. Centers for Disease Control & Prevention (CDC), and will continue to respond based on the best advice of governments, public health authorities and medical professionals.

In addition to encouraging our guests to follow CDC recommendations (including frequent and thorough handwashing) and maintaining an already rigorous cleaning regimen, our operation is taking a number of additional precautions, including:

- **We will arrive earlier than contracted to sanitize your onsite kitchen prior to bringing in any of our equipment, supplies, and groceries**
- **Increasing the cleaning frequency of high-touch surfaces and commonly used equipment**
- **Supplying our team members with hand-sanitizer and gloves during set-up not just while handling food, and increased the frequency of cleaning of high-touch surfaces, to name a few. Protective gloves are used for all set-up and preparation of food service equipment, cutlery, buffet utensils and dishes**
- **Contracted serving and kitchen staff are also trained and reminded daily to use Centers for Disease Control and Prevention(CDC) health practices to support community health.**
- **Encourage clients to utilize a fully staff served buffet to prevent crowding the serving area or our plating services**

Please feel free to contact us at 229.425.7049 with any questions you may have regarding this or upcoming events with us.

Thank you! The Eclectic Table
